

Environmental Policy Statement of Remix Dry Mortar Limited

Remix Dry Mortar Limited is committed to protect the environment and prevent any form of pollution during its scope of operation, in the production and supply of Dry Silo Mortar.

In order to achieve this the company shall:

- Ensure that up-to-date and proven technology will be used wherever practicable and cost effective.
- Ensure adherence with its compliance obligations, all applicable legislation, permissions, authorisations and other requirements.
- Ensure that all sites, vehicles, mobile plant and the immediate environment are subject to a regular cleaning and maintenance regime.
- Ensure that drivers maintain their vehicles to the company standard.
- Direct drivers to exhibit particular care to minimize noise during unsocial hours; to be aware of their responsibilities regarding load security and to comply with any designated route requirements.
- Ensure that all staff are given appropriate training and are made aware of the environmental aspects, impacts and risks associated with their jobs.
- Seek continual improvement through the monitoring of environmental measures and the setting of objectives and targets, achieving enhanced environmental performance.
- Ensure that energy-efficient techniques are utilized throughout the company's activities wherever practicable and cost effective.

The above is facilitated through the operation of an Environmental Management System that meets the requirements of ISO 14001 and which is subject to periodic review to ensure that it remains effective and appropriate to the company's business.

D Rawson
Managing Director
